## Chalk

"Scratch," said the chalk.

"I hate when you make that sound, can you stop?" asked the blackboard.

"Sorry," exclaimed the chalk. "I'll try not to, it's the teacher's fault, she presses really hard!"

"It's okay," said the board.

"Hey tonight do you want to unhook me and go for a walk?"

"Sure! I definitely need it!"

"Ok! We're on!"

"Shh," cried the chalk, "here comes the teacher!"

"Bye."

"Bye."
