

# What Will I Do in the Gan?

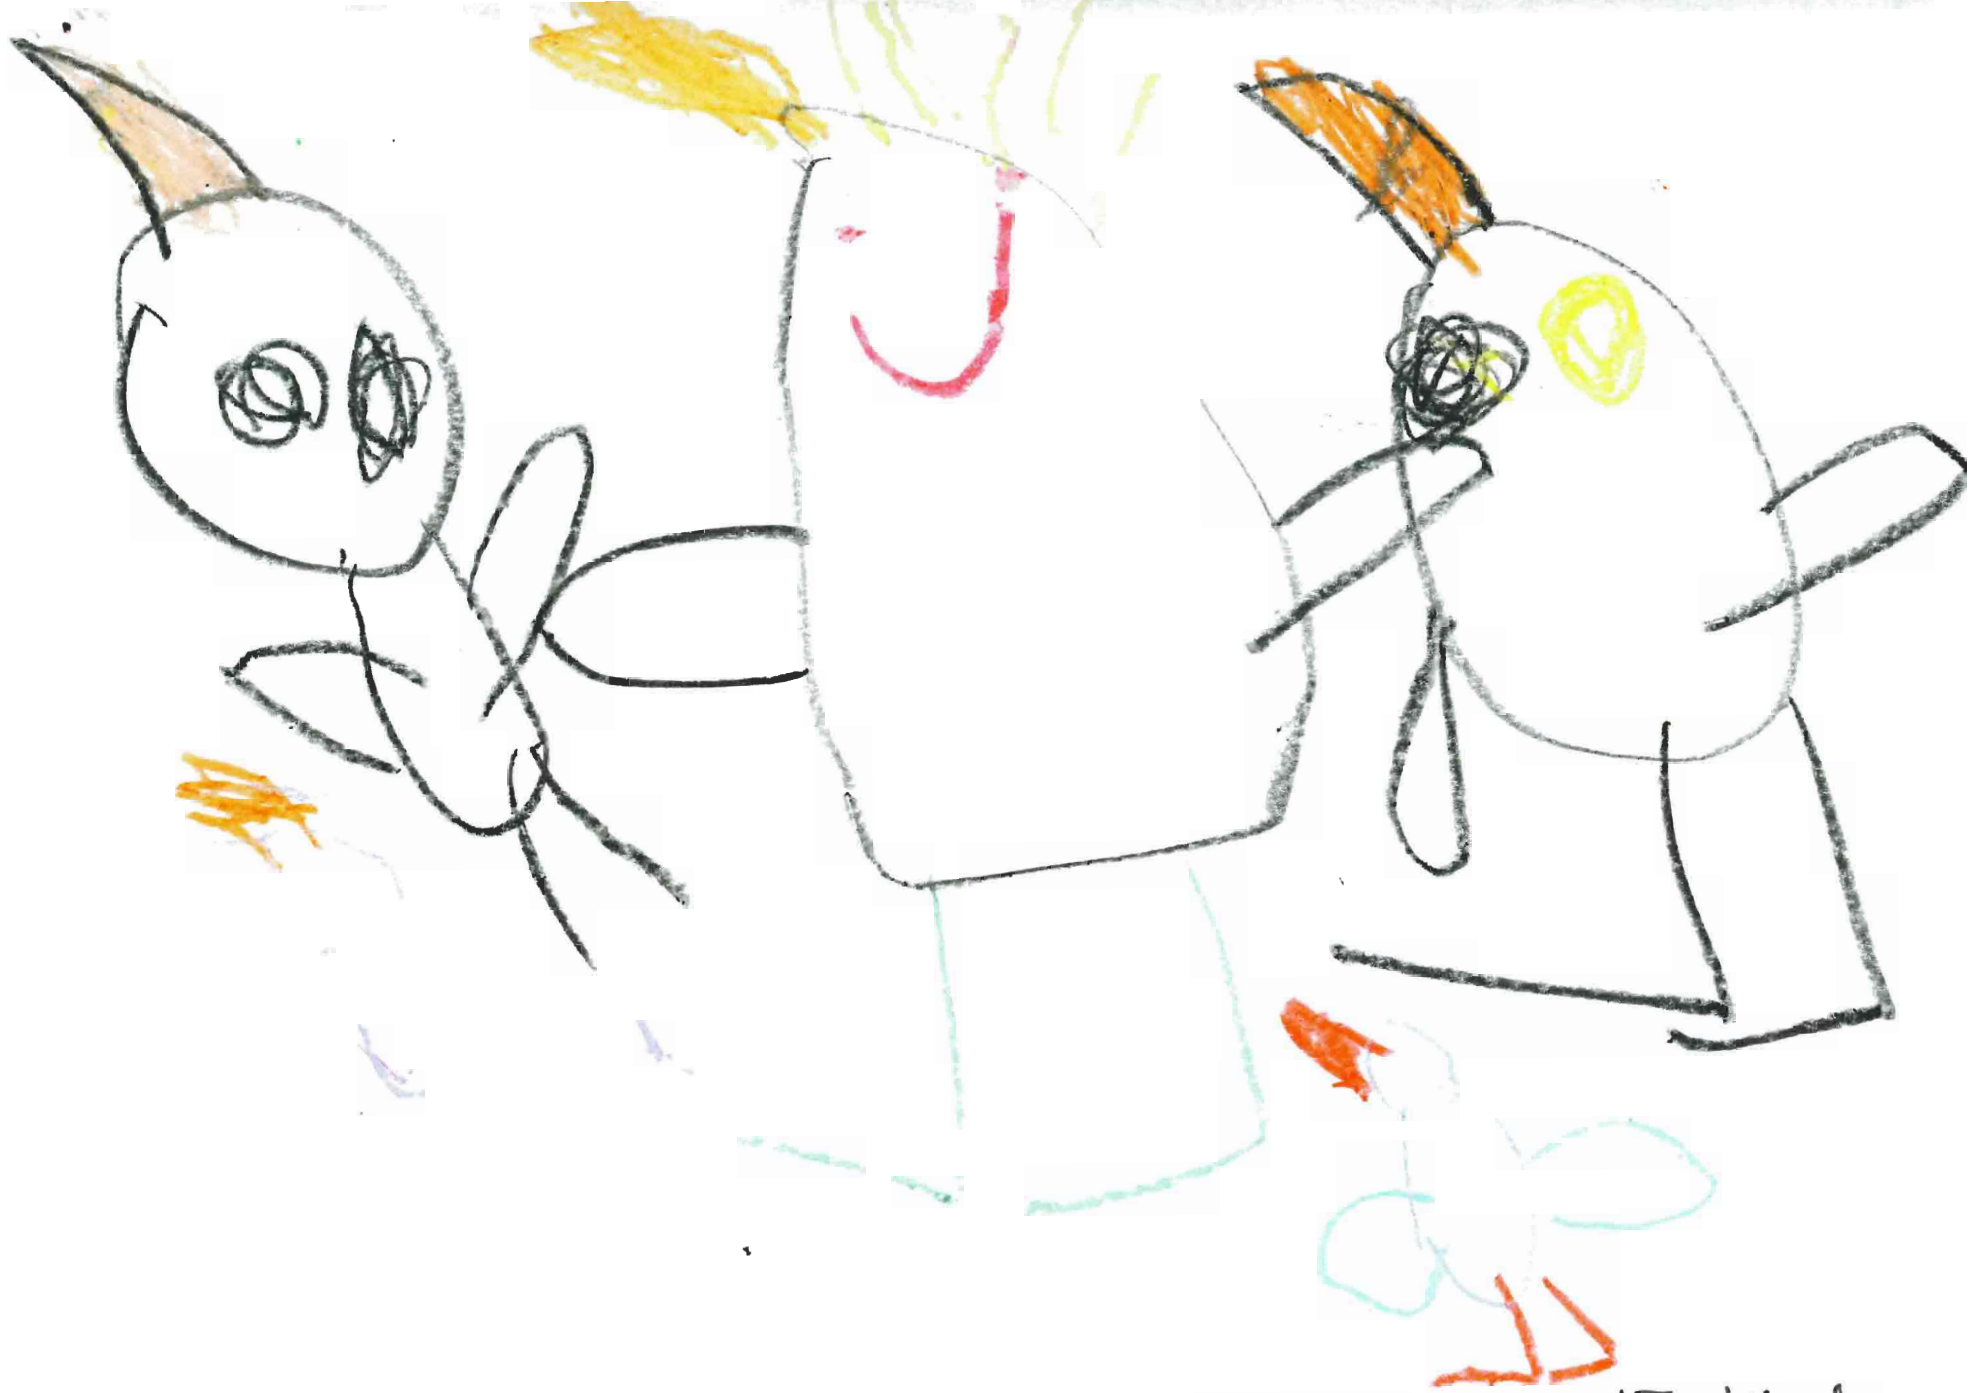

By the Gansters of 2003-2004

In the Gan we learned about red blood vessels and blue blood vessels. The kitchen area turns into a hospital. And you learn about animal footprints and you might learn about bees,  
Leah

In the Gan you will have lots of fun. You will maybe get a brand new incubator and hatch chicks. Einav

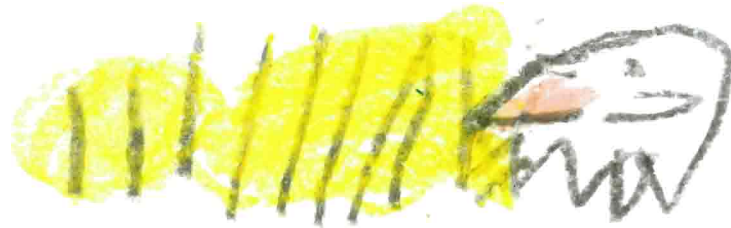

You might learn about penguins. There are 17 kinds of penguins in the whole wide world. -Jonah

In the Gan, you can play with beads and you will make a picture of yourself. The play area will turn into a hospital when you learn about the body. -Hanna

You'll learn about raccoons, penguins, chicks and bees. -Roxanne

When you go out to recess, you can play on the monkey bars. You'll learn about penguins. And being the Shabbat helper, what a special day.

-Avishag

In the Gan you will learn about all sorts of animals like chicks & penguins. You can also do a penguin research paper. You can have Sefer Safari and pay for a book after you have ten stickers. Maya
